

Savings Card Information Inside

SUPPORT TO GET STARTED

Welcome to KERENDIA® (finerenone)

You'll find important information here to help you get started. You'll also discover many resources available to you, including the KERENDIA Patient Support Program.

For more information about KERENDIA, financial assistance, or to register and learn more about patient support, visit <u>KERENDIA.com/support</u> or call 1-888-KERENDIA (537-3634)

Your doctor will always be your best source for information about getting started on KERENDIA.

The KERENDIA Patient Support Program is here for you

The **KERENDIA Patient Support Program** provides you with resources to help you start and stay on therapy with KERENDIA.

This program includes:

 Help in understanding your KERENDIA insurance benefits, as well as providing assistance with your insurance coverage challenges

- Emails to help guide you through your KERENDIA journey by sharing news, information and stories from other KERENDIA patients
- Phone calls, emails or texts from a personal mentor, who will help provide you with information and encouragement as you begin therapy
- Tools to help you track and learn about your therapy

Savings and support resources

Eligible patients may pay as little as \$10 per month for KERENDIA®.*

It is easy to get or activate a savings card. Ask your doctor or you may:

- 1 Call 1-888-537-3634
- 2 Text **SAVE to 53736**†
- 3 Visit **KERENDIAsavings.com**

- *Patients are eligible if they are commercially insured and may pay as little as \$10 per month and save up to \$3,000 per year. Patients who are enrolled in any type of government insurance or reimbursement programs are not eligible. Full terms and conditions apply. Visit KERENDIAsavings.com.
- [†]By texting **SAVE to 53736** to enroll or activate your card, you agree to receive recurring automated KERENDIA (finerenone) Co-pay Savings Program messages, which may include savings alerts, refill reminders, and other messages related to your participation in the co-pay program. Consent to receiving SMS messages is not a condition of purchase of goods or services. Message and data rates may apply. Message frequency varies. Text STOP to opt out. Text HELP for help. Terms & Conditions and Privacy Policy apply.

The KERENDIA Digital Companion on the Medisafe™ app can help you manage your treatment

The **KERENDIA Digital Companion** on the Medisafe app is designed to provide KERENDIA patients with:

- Resources and information about KERENDIA
- Customized medication and appointment reminders
- Timely messages and notifications

To begin using the KERENDIA Digital Companion, download the Medisafe app by scanning the QR code below, or visiting the App StoreSM or Google PlayTM. Once you have downloaded the app, just add KERENDIA to your list of medications to get started.

9:00 AM-6:00 PM ET, Monday-Friday

For additional financial assistance information, please see <u>page 11</u>.

GETTING STARTED

Indication and Important Safety Information

Q | What is KERENDIA?

- A KERENDIA is a prescription medicine used to treat adults with chronic kidney disease associated with type 2 diabetes to reduce the risk of:
 - Worsening of kidney disease
 - End-stage kidney disease (ESKD)
 - Death due to cardiovascular disease
 - Heart attack
 - Hospitalization for heart failure

Do not take KERENDIA if you:

- Have problems with your adrenal glands
- Take certain medications called CYP3A4 inhibitors.
 Ask your healthcare provider if you are not sure if you are taking any of these medications

Before you take KERENDIA, tell your healthcare provider about all your medical conditions, including if you:

- Have high potassium levels in your blood (hyperkalemia) or take medications that may increase potassium levels in your blood. KERENDIA can cause hyperkalemia. Your healthcare provider will check your potassium levels before and during treatment with KERENDIA
- Have severe liver problems
- Are pregnant or plan to become pregnant, or are breastfeeding or plan to breastfeed. Avoid breastfeeding during treatment with KERENDIA and 1 day after treatment

Tell your healthcare provider about all the prescription and over-the-counter medicines you take, including: salt substitutes, vitamins, and herbal or potassium supplements.

 KERENDIA may affect the way other medications work, and other medications may affect how KERENDIA works.
 Do not start or stop any medicine before you talk with your healthcare provider. Avoid grapefruit or grapefruit juice as it may increase KERENDIA levels in the blood

Q | How should I take KERENDIA?

- A □ Take KERENDIA exactly as your healthcare provider tells you. Check with your doctor or pharmacist if you are not sure
 - Your healthcare provider may change your dose if needed
 - Take your prescribed dose of KERENDIA once daily with or without food. Avoid eating grapefruit or drinking grapefruit juice during treatment with KERENDIA
 - Swallow KERENDIA tablets whole. If you are unable to swallow the whole tablet, you can crush the tablet and mix it with water or soft foods
 - If you miss a dose of KERENDIA, take your prescribed dose as soon as you remember before the next scheduled dose
 - Do not take 2 doses on the same day to make up for a missed dose

Q What are the most common side effects of KERENDIA?

- A | The most common side effects of KERENDIA include:
 - Hyperkalemia (potassium level in your blood that is higher than normal)
 - Hypotension (blood pressure that is lower than normal)
 - Hyponatremia (sodium level in your blood that is lower than normal)

Call your healthcare provider for medical advice about side effects. You may report side effects to FDA at **1-800-FDA-1088**.

Q | How should I store KERENDIA?

A | You should:

- Store KERENDIA at room temperature between 68°F to 77°F (20°C to 25°C)
- Keep KERENDIA and all medicines out of the reach of children

Q | Where can I get answers to other questions I may have?

A Please visit <u>KERENDIA.com</u> and speak with your doctor

Bayer US Patient Assistance Foundation

Bayer US **Patient Assistance Foundation** is a charitable organization that helps eligible patients get Bayer prescription medicine at no cost. Please contact the program at 1-866-2BUSPAF (228-7723) Monday-Friday, 9:00 am-6:00 pm EST, or visit the foundation website at www.patientassistance.bayer.us for information to see if you may qualify for assistance.
